| **From 5** | €28.70 | €574.00 / 1 Kilogramm |

Prices incl. VAT plus shipping costs

## Description

### MK-7 is the best form of vitamin K2

This product offers vegan quality without additional additives, naturally derived from natto (fermented soy). The MK-7 powder is a pure extract free from soy allergens.
It distributes better in the body than other chemical forms and can even be stored in the liver. This may have the advantage that the vitamin K level in the blood remains more stable than when taking high doses of vitamin K intermittently.
