Overview

Stress & Exhaustion Test

Product number: MV1201

Price

€189.00

Prices incl. VAT plus shipping costs

Description

Laboratory chemical analysis for the determination of serotonin, adrenaline, noradrenaline and dopamine

The Stress & Exhaustion Test includes the neurotransmitters serotonin, adrenaline, noradrenaline and dopamine in a morning urine sample (second morning urine), additionally the adrenal stress hormones cortisol and DHEA over the course of the day.

The Stress & Exhaustion Test is useful for patients with physical or psychological stress, anxiety disorders, insomnia or states of exhaustion.

The test kit includes:

- 1 sample collection guide
- 7 coloured saliva containers
- 7 saliva tubes
- 7 labels
- 1 urine tube with stabiliser in the shipping container
- 1 urine cup
- 2 shipping containers
- 1 guarantee certificate
- 1 sample submission form
- 1 shipping bag

How does the ordering process work?

After your order, the requested test package will be sent to you with detailed instructions. You place your sample in a sample container, send it in a prepared envelope to Medivere's partner laboratory GANZIMMUN Diagnostics GmbH and receive a report with the evaluation of your profile after 5-7 days.
