Overview

Elemental boron, 60 ml

Product number: VS4447

Price

Quantity	Unit price	Base price
To 1	€17.95	€299.17 / 1 Liter
To 4	€17.00	€283.33 / 1 Liter
From 5	€16.15	€269.17 / 1 Liter

Prices incl. VAT plus shipping costs

Description

Elemental Boron is in the form of concentrated mineral drops

“Concentrated Mineral Drops” or CMD, which originate from a special seawater concentrate from the Great Salt Lake (Utah, USA) and contain the full spectrum of minerals and trace elements (almost completely sodium-free and in this case supplemented with additional boron in the form of sodium borate). This product is produced by a traditional, natural concentration process using solar energy.

The minerals and trace elements in the product Elemental Boron are present as electrolytes in dissolved, ionic form. This means that they do not occur combined with other elements, but as individual electrically charged particles. When magnesium chloride (MgCl2) dissolves in water, for example, it splits into the ions Mg2+ (positively charged

magnesium) and Cl- (negatively charged chloride). This is also how minerals occur in our body, dissolved in intra- and extracellular fluids such as blood plasma. Therefore, minerals that are present in ionic form are readily absorbed.

Active ingredients

Active substances*	per daily serving 1 ml
Boron (from CMD**, sodium borate)	3 mg

* No reference intake specified according to the FIC ** CMD = Concentrated Mineral Drops, concentrated mineral drops (seawater concentrate that contains the full spectrum of minerals and trace elements from the Great Salt Lake, Utah, and from which 99% of the sodium has been removed).

Ingredients

Purified water, seawater concentrate (CMD**), acidifier (citric acid), sodium borate, preservative (potassium benzoate [<0.1 %]).

Recommended intake

Take 1 ml per day using the Opti-Dose dropper (1 pipette = 1 ml). Add the drops to approx. 200 ml of water, fruit juice or food. Shake before use.

Note

Slight crystallisation may occur, but this does not affect the quality of the product.

Storage instructions

Store in a cool, dry place protected from light (do not refrigerate).

Legal information

The recommended daily intake should not be exceeded. Dietary supplements are not a substitute for a balanced and varied diet and a healthy lifestyle. Keep out of reach of young children.

Product information

Application:	Bones & Joints
Dosage form:	As a liquid solution with a dosing pipette.
Micronutrients:	Boron
Quality:	Free from magnesium stearate, Gluten-free, Lactose-free, Vegan
Product type:	Dietary supplements
