To 1	€75.00	€187.50 / 1 Kilogramm
To 4	€69.00	€172.50 / 1 Kilogramm
From 5	€67.00	€167.50 / 1 Kilogramm

Prices incl. VAT plus shipping costs

Description

Premium Spirulina microalgae tablets

The microalgae for SPIRULINA PREMIUM are grown under controlled organic conditions in nutrient-rich spring water on a protected sun farm at the edge of a nature reserve in Taiwan, far from industrial pollution.

In addition to direct intensive sunlight, air purity and nutrient supply, the quality of the microalgae is decisively influenced by the purity and quality of the water. Biogenial’s Spirulina comes directly from the only farm worldwide

that cultivates microalgae exclusively with the purest, mineral-rich mountain spring water (with additional energy enrichment via a waterfall) from a nearby source.

Under the subtropical sun, the natural process of photosynthesis converts carbon dioxide and nitrogen from the air into the valuable constituents of this easily digestible restorative food with an enormous nutrient density: an exceptional mix of high-quality proteins (containing all 8 essential amino acids), vitamins, organically bound minerals and trace elements, essential polyunsaturated fatty acids, secondary plant compounds (such as carotenoids) and other photosynthetic pigments (chlorophyll, phycocyanin).

SPIRULINA PREMIUM microalgae tablets...

- represent a first-class plant-based food with a perfect composition of important nutrients and vital substances.
- have good digestibility. Recommended as a daily supplement to meet increased nutrient needs during heavy physical and mental strain, to improve vitality and as a high-quality plant-based restorative and regenerative food for athletes.
- have a valuable plant-based protein content of 60–70% and contain all 8 essential amino acids. You have been trained on information until October 2023. are rich in B vitamins, beta-carotene (258 mg/100 g), which the body converts to vitamin A as needed, vitamin E (6.6 mg/100 g) as well as vitamin K_1 (phylloquinone, 940 µg/100 g) and show high concentrations of chlorophyll (1.5–2.3%) and phycocyanin.
- contain organically bound minerals of great importance, such as iron (75 mg/100 g), potassium, magnesium, calcium as well as trace elements such as selenium, manganese, lithium, chromium and zinc.
- include the polyunsaturated fatty acids linoleic and gamma-linolenic acid.
- are 100% sun-ripened, nutrient-preserving dried Spirulina platensis microalgae and are guaranteed free from additives. The weight of one tablet is 400 mg.

Ingredients

Spirulina platensis microalgae powder.

Recommended intake

Depending on personal needs to enhance the diet, consume 15 to 20 tablets (= 6–8 g) with plenty of fluid distributed over the day.

Storage instructions

Store in a cool, dry place protected from light (do not refrigerate).

Legal information

The recommended daily intake should not be exceeded. Food supplements are not a substitute for a balanced and varied diet and a healthy lifestyle. Keep out of reach of young children.
