pH-drink® SUGAR-FREE is a **patented, alkaline instant drink** with six important minerals: **potassium, calcium, magnesium, iron, manganese and zinc**.

The selected mineral combination is ideal for daily dietary supplementation. **Zinc contributes to a normal acid–base metabolism.** Calcium and magnesium support, among other things, the normal function of **bones and muscles**.

In addition, **pH-drink® SUGAR-FREE** is low in calories: one daily portion of 14 g contains only **22 kcal / 90 kJ**.

Sugar-free and versatile

pH-drink® SUGAR-FREE is **vegan, gluten-free, lactose-free and allergen-free**. The sugar-free formulation is also suitable for a **calorie- or sugar-conscious diet** and can be easily integrated into your daily routine.

Nutritional information

Nutrients	per daily portion 2 measuring spoons (14 g)
Energy	90 kJ / 22 kcal

Twice daily, preferably on an empty stomach or at least 15 minutes before eating: dissolve 1 measuring spoon (7 g) of pH-drink® in 150–300 ml still water. The measuring spoon is included in the packaging.

Storage instructions

Store in a cool, dry, dark place (not in the refrigerator). After each use close well to avoid ingress of moisture, which can lead to caking.

Legal notices

The recommended daily intake must not be exceeded. Food supplements are not a substitute for a balanced and varied diet and a healthy lifestyle. Keep out of reach of small children.
