- are sun-ripened Chlorella microalgae, consisting 100% of sun-ripened Chlorella and gently disrupted by a patented process to make the ingredients optimally available.
- are perfect for improving the spectrum of vital nutrients in vegetarian and vegan diets, to meet nutritional needs during heavy physical and mental stress, to increase vitality and as a high-quality plant-based reconstruction and regeneration food for athletes.
- contain a valuable proportion of about 60% plant proteins, which include all 8 essential amino acids.
- are rich in vitamins, especially the B-group, beta-carotene (183 mg/100 g), which the body converts to vitamin A if required, as well as vitamin C (22 mg/100 g) and E (10 mg/100 g) and contain large amounts of chlorophyll (2 - 4%).
- with a content of 0.1 mg/100 g they are an excellent source of vitamin B12 for vegetarians and vegans.
- contain organically bound minerals of great importance, such as iron (120 mg/100 g), magnesium (300 mg/100 g), calcium, potassium and trace elements such as copper, manganese and zinc.
- include the Chlorella Growth Factor (CGF), a nucleotide-peptide complex that occurs in the nucleus of Chlorella. It is formed while photosynthesis is active. Scientific findings show that the CGF is responsible for the high reproduction rate of Chlorella. Within 20 hours a Chlorella cell develops into four new cells.
- consist 100% of nutrient-preserving dried Chlorella microalgae and are guaranteed free from additives. The weight of one tablet is 400 mg.

Valuable Ingredients

Algae powder*	**per daily portion 10 tablets**
