Overview

L-Glutamine, 200 g powder

Product number: PM1071

Price

Quantity	Unit price	Base price
To 1	€19.90	€99.50 / 1 Kilogramm
To 4	€18.90	€94.50 / 1 Kilogramm
From 5	€17.90	€89.50 / 1 Kilogramm

Prices incl. VAT plus shipping costs

Description

Pure L-glutamine powder for ideal dosing

With a proportion of 20% L-glutamine is the most abundant amino acid in our body. It is found mainly in muscle cells, where it is also produced.
As a building block for protein synthesis, L-glutamine plays a central role in the metabolism of all plants, animals, fungi and bacteria. It occurs in large amounts in wheat protein as well as in dairy products, soya (soya protein) and maize (maize protein).
L-glutamine is important as a precursor of glutathione, glutamic acid and GABA (gamma-aminobutyric acid).

As a powder it is particularly suitable for people who prefer to dose glutamine individually or who prefer to take it in beverages, protein shakes, muesli, etc.

Functions of L-glutamine

L-glutamine is an important building block for the formation of glutathione, a sulphur-containing amino acid that acts as a radical scavenger in our body.
Part of the L-glutamine is converted into glutamic acid. Glutamic acid can bind ammonia, a breakdown product of our normal metabolism. In addition, L-glutamine is the precursor of GABA (gamma-aminobutyric acid). GABA is an important neurotransmitter and stimulates the release of somatotropin.

Active ingredients

Active substances*	per daily serving ½ measuring scoop
L-glutamine	3000 mg

* No reference intake according to the Food Information Regulation (LMIV) specified

Ingredients

L-glutamine.

Recommended intake

Take ½ measuring scoop once or twice daily on an empty stomach with fruit juice or water.

Storage instructions

Store in a cool, dry place protected from light (do not refrigerate).

Legal notice

The recommended daily intake should not be exceeded. Food supplements are not a substitute for a balanced and varied diet and a healthy lifestyle. Keep out of reach of young children.

Product information

Application:	Sport, Metabolism
Dosage form:	In powder form.
Quality:	Free from magnesium stearate, Gluten-free, Lactose-free, Vegan
Product type:	Dietary supplements
