Description

Plant-based protein shake with fruity berry flavour

Chili-Choco-Shake contains rice protein concentrate, sunflower seed protein powder, sweet lupin flour, oat fibre powder and hemp seed protein powder and therefore 5 valuable plant-based protein sources. Milk and soy proteins have been deliberately omitted. All ingredients have been carefully selected for their diverse benefits for an energetic everyday life. So-called superfoods such as chia, baobab and quinoa enrich the product. The delicious berry flavour comes from fruity blackcurrant, raspberry, cranberry, açaí berry and lingonberry.
