Overview

Venogut with vitamin C and horse chestnut, 60 capsules

Product number: EV0859

Price

Quantity	Unit price	Base price
To 1	€29.99	€749.75 / 1 Kilogramm
To 4	€28.50	€712.50 / 1 Kilogramm
From 5	€27.00	€675.00 / 1 Kilogramm

Prices incl. VAT plus shipping costs

Description

What are vein capsules?

Vein capsules are dietary supplements that specifically provide the body with vitamins, minerals and plant compounds that are important for blood vessels, connective tissue and energy balance. They are not medicines, but

complement the diet.
Vitamin C is particularly important here, as it helps to form collagen, which is necessary for healthy blood vessels. Collagen is a protein that gives the vessel walls stability and elasticity.
Vein capsules often also contain B vitamins and trace elements such as copper and manganese. Vitamin B1 supports energy metabolism and nerve function. Copper helps to maintain healthy connective tissue, and manganese protects cells from damage.
Plant additives such as horse chestnut or red vine leaf are often used in products for legs and vessels. These plant extracts provide valuable phytochemicals, but are not medicinal products.
Vein capsules are particularly intended for people who sit, stand a lot or have little physical activity. Factors such as heat, cold or long journeys can also lead to paying more attention to one's legs and vessels and to an interest in targeted nutrient intake.

What makes Venogut special?

It is a comprehensive blend of different substances, not just a single ingredient.
Venogut is not a simple substance, but a carefully composed mixture of plant extracts, vitamins and minerals. The formulation takes into account various nutritional aspects that are important for blood vessels, connective tissue and energy balance.

Vitamin C supports normal collagen formation for healthy blood vessels

Vitamin C helps blood vessels to function normally by promoting collagen formation. A daily dose provides 200 per cent of the recommended amount and is clearly indicated.

Proven plant extracts in clear amounts

Extracts of horse chestnut, red vine leaf and rutin from buckwheat are purposefully combined and listed individually. The plant extracts are precisely defined and are not part of a vague herbal blend.

Minerals for connective tissue and cell protection

Copper helps to maintain healthy connective tissue. Manganese protects the cells from harmful stress. Both minerals are present at 200 per cent of the recommended amount.

Vitamin B1 for energy metabolism.

Vitamin B1 supports normal energy metabolism and a normal function of the nervous system, which sensibly complements the formula.

Plant-based and without unnecessary additives

The capsules are vegan and free from magnesium stearate, fillers, colouring or additives. The formulation is deliberately kept simple.

Made in Germany and laboratory tested.

Manufacture and quality control take place in Germany. Each production batch is tested in the laboratory for authenticity, ingredients, purity and microorganisms.

- Vitamin C contributes to normal collagen formation for a normal function of blood vessels

Nutritional information

Micronutrients	per daily serving 2 capsules
Vitamin C	160 mg (200 %*)
Thiamin	2.2 mg (200 %*)
Copper	2 mg (200 %*)
Manganese	4 mg (200 %*)

*Reference value according to Regulation (EU) No. 1169/2011

Active ingredients

Active substances*	per daily serving 2 capsules
Horse chestnut extract	400 mg
Red vine leaf extract	300 mg
Rutin	200 mg

* No reference amount specified according to the Food Information Regulation (LMIV)

Ingredients

Horse chestnut extract, red vine leaf extract, capsule shell: hydroxypropyl methylcellulose, rutin, ascorbic acid, manganese bisglycinate, copper bisglycinate, thiamin HCl.

Recommended intake

Take 2 capsules with plenty of water at a meal.

Storage instructions

Store cool, dry and protected from light (not in the fridge).

Legal information

The recommended daily intake must not be exceeded. Dietary supplements are not a substitute for a balanced and varied diet and a healthy lifestyle. Keep out of reach of young children.
