To 4	€28.00	€903.23 / 1 Kilogramm
From 5	€26.50	€854.84 / 1 Kilogramm

Prices incl. VAT plus shipping costs

Description

Reishi and Shiitake for challenging times

Reishi is one of the best-known medicinal mushrooms and has been used for centuries in its country of origin, China. There it is called “Ling Zhi”, which roughly means “mushroom of eternal life”. Reishi is particularly administered during demanding phases and turbulent times for body and mind. The Reishi mushroom is also popular as a companion to a harmonious night routine. In addition to the Reishi mushroom, it also contains the Shiitake mushroom. This resembles the Reishi in its use and is therefore the perfect combination. Both mushrooms

are provided as highly concentrated extracts. As a result, the valuable polysaccharides are present in particularly high amounts.

NATURA FELIX VitaPilz Plus complex of Reishi, Shiitake, Maitake and Astragalus

The mushroom blend contains three different mushroom species that complement each other in their properties and have been valued in the traditional herbal medicine of China and Japan for thousands of years.

The red Reishi (Ganoderma lucidum) contains many different active compounds, such as vitamins, minerals and amino acids in their natural composition, and at the same time the concentration of bioactive polysaccharides is particularly high.

The Shiitake mushroom comes from a highly concentrated extract with at least 10% polysaccharides. The Maitake (Grifola frondosa), also called Klapperschwamm, which is regarded as a popular edible mushroom in Japan, is also known for its large amount of polysaccharides.

Valuable ingredients

Valuable constituents*	per daily portion 1 capsule
Maitake (Grifola frondosa)	150 mg
Shiitake extract (Lentinus edodes) min. 10% polysaccharides	100 mg
Reishi (Ganoderma lucidum)	100 mg
Astragalus extract (Astragalus membranaceus) 16% polysaccharides	50 mg

* No reference intake is specified according to the Food Information Regulation (LMIV)

Ingredients

Maitake mushroom, Shiitake mushroom, Reishi mushroom, Astragalus, hydroxypropylmethylcellulose (vegetarian capsule), rice flour, fermented leucine, bamboo extract, calcium salts of fatty acids.

Recommended intake

1 Vcaps® 1–2 times daily, with food.

Caution

Patients taking medication, e.g. for elevated cholesterol or blood sugar levels, high blood pressure or anticoagulants, should only take Reishi after consulting their doctor.

Storage instructions

Store in a cool, dry place protected from light (do not refrigerate).
