Description

Vitamin K2 MK-7 vegan – highly pure and active

Vitamin K2 is a fat-soluble vitamin and contributes to the maintenance of normal bones as well as to normal blood clotting. The product contains highly pure K2VITAL® MK-7 in the all-trans form, dissolved in high-quality MCT oil from coconut. The minimalist formulation uses only two ingredients and is free from unnecessary additives.

High-quality production and pure composition

The vitamin K2 contained is obtained by natural fermentation and has a proportion of at least 99.7% all-trans isomers. The carrier oil is MCT oil from coconut. The formulation deliberately omits synthetic vitamin E,

preservatives, ascorbyl palmitate, silicon dioxide and modified starch.

Composition per drop

- 40 µg Vitamin K2 (K2VITAL® MK-7, ≥ 99.7% all-trans)
- MCT oil from coconut as the carrier oil

Special product features

- Only two ingredients: vitamin K2 and MCT oil
- Without alcohol, preservatives and flavourings
- Vegan and free from soya, gluten and lactose
- Non-GMO
- Precision dropper for easy dosing

K2VITAL® – high-quality vitamin K2 raw material

Only K2VITAL® MK-7 is used with the following quality characteristics:

- At least 99.7% all-trans isomers
- Clinically studied and scientifically tested
- Recognised as a reference standard for MK-7 in the United States Pharmacopeia (USP)
- High stability and up to 36 months' shelf life

Authorised health claims

Vitamin K contributes, in accordance with EU Regulation (EC) No. 1924/2006:

- to the maintenance of normal bones
- to normal blood clotting

Who is the product suitable for?

- For vegans and vegetarians
- For people who pay attention to an adequate vitamin K intake
- For anyone who prefers a minimalist formulation without unnecessary additives

puraVita Vitamin K2 MK-7** – highly pure vitamin K2 in vegan quality, with only two ingredients and a transparent composition.
