Overview

SuperVitamin E Plus, 20 ml

Product number: SH4081

Price

Quantity	Unit price	Base price
To 1	€29.80	€1,490.00 / 1 Liter
To 4	€28.30	€1,415.00 / 1 Liter
From 5	€26.80	€1,340.00 / 1 Liter

Prices incl. VAT plus shipping costs

Description

Natural Vitamin E: highly effective antioxidant and cell-protecting vitamin

Discovered once as the "fertility vitamin", Vitamin E is one of the most important antioxidants in our body.

Every cell needs Vitamin E to protect against reactive free radicals, which are regarded as precursors to accelerated ageing and cardiovascular disease.

Oxidative stress – also a matter of lifestyle

Oxidative stress in the form of free radicals is increased by smoking, intensive exercise, ozone, stress, environmental toxins, UV radiation and in the context of chronic inflammation.

Only strong together – the Vitamin E family

Nature shows us: Vitamin E never occurs alone, but only in combination of all eight tocopherols and tocotrienols in their alpha-, beta-, gamma- and delta-forms. Today we know: For Vitamin E to realise its full cell-protecting potential, it needs a well-balanced mix of all members of the Vitamin E family, as provided by nature and by Supervitamin E plus.

Natural Vitamin E – particularly effective by nature

Supervitamin E plus contains exclusively plant-derived – and therefore purely natural – Vitamin E. Our body can utilise this better; it has higher bioavailability and is more effective than synthetic Vitamin E.

Highest quality, including in terms of environmental and social responsibility

The tocotrienol comes from Malaysia and is produced there in cooperation with the university as support for smallholder farmers. The palm kernel oil comes from oil palms that grow mainly in the wild but also on smallholder farms. No primary forests are cleared for this, nor are smallholders deprived of land for food crops. On the contrary, it increases their income.

Nutritional properties

- Vitamin E contributes to protecting cells from oxidative stress.

Nutritional information

Micronutrients	per daily portion 10 drops
Vitamin E**	18 mg α-TE** (150 %*)

*Reference value according to Regulation (EU) No. 1169/2011
**The indication of Vitamin E content (α-TE = total alpha-tocopherol equivalents) refers to the activity of the different forms of Vitamin E. 1 mg aTE correspond to: 1 mg alpha-tocopherol, 2 mg beta-tocopherol, 4 mg gamma-tocopherol, 100 mg delta-tocopherol, 3.3 mg alpha-tocotrienol, 6.6 mg beta-tocotrienol, 13.2 mg gamma-tocotrienol.

Active ingredients

Active substances*	per daily portion 10 drops
d-alpha-Tocopherol	41.5 mg
d-alpha-Tocotrienol	17 mg
d-beta-Tocotrienol	1.5 mg
d-Gamma-Tocotrienol	21 mg
d-Delta-Tocotrienol	6.5 mg

* No reference amount specified according to the Food Information Regulation

Ingredients

Sesame oil, plant-derived tocotrienol-tocopherol extract, natural spice plant oils.

Recommended intake

10 drops daily with a meal that contains some fat

Storage instructions

Store cool, dry and protected from light (do not refrigerate).

Legal notice

The recommended daily intake should not be exceeded. Food supplements are not a substitute for a balanced and varied diet and a healthy lifestyle. Keep out of reach of young children.

Product information

Application:	Anti-ageing, Immune system, Cell protection
Dosage form:	As oil in a dropper bottle.
Micronutrients:	Vitamin E
Plants:	Orange, Oregano, Sea buckthorn, clove
Quality:	Free from magnesium stearate, Gluten-free, Lactose-free, Vegan
Allergens:	Sesame seeds
Product type:	Dietary supplements
