Prices incl. VAT plus shipping costs

Description

Vitamin C + bioflavonoids in citrus fruit pulp – for the immune system, against tiredness

Cool weather, everyday and work-related stress or intense physical exertion can place heavy demands on our immune system. Especially at these times the body should be supported by good nutrient supply. FOOD STATE Vitamin C is a nutrient complex made from citrus fruit pulp of whole oranges and has a natural content of bioflavonoids, including hesperidin and naringin. Because of the bioflavonoids, FOOD STATE Vitamin C is recognised

by the body like natural vitamin C and therefore has a particularly high biological bioavailability.

Nutritional properties

- Vitamin C contributes to the normal function of the immune system during and after intense physical exercise (this effect occurs only with an additional intake of 200 mg vitamin C).
- Vitamin C contributes to normal collagen formation and to the normal function of blood vessels, bones and cartilage, teeth and gums, and skin.
- Vitamin C contributes to normal energy metabolism.
- Vitamin C contributes to the normal functioning of the nervous system and to normal psychological function.
- Vitamin C contributes to the normal function of the immune system.
- Vitamin C helps protect cells from oxidative stress and contributes to the reduction of tiredness and fatigue.
- Vitamin C contributes to the regeneration of the reduced form of vitamin E.
- Vitamin C increases iron absorption.

Nutritional information

Micronutrients	per daily portion (2 tablets)
Vitamin C	500 mg (626 %*)

*Reference intake according to Regulation (EU) No. 1169/2011

Active ingredients

Active substances*	per daily portion (2 tablets)
