Description

Biotin and PABA in an ideal combination

The Natur Vital combination product contains biotin, also known as vitamin B7, and PABA (para-aminobenzoic acid). PABA is a vitaminoid with vitamin-like properties and belongs to the B-vitamin group. Biotin and PABA complement each other optimally in their effect on skin and hair metabolism.

Nutritive properties

- Biotin contributes to normal energy metabolism and to the normal metabolism of macronutrients
- Biotin contributes to the normal functioning of the nervous system and to normal psychological function
