Description

Beauty Complex – Beauty care from within

A radiant appearance, strong hair, firm nails – all these factors depend on an adequate supply of nutrients. It is not about meeting beauty ideals, but about providing the body with what it needs. Beauty Complex combines plant compounds and vitamins for targeted beauty care from within. Biotin contributes to the maintenance of normal hair, skin and mucous membranes and is therefore also referred to as vitamin H. The "H" stands for "Haut" (the German word for "skin"). Pantothenic acid and zinc are also included. Various plant extracts add the power of

nature: for example pomegranate, ginger and coriander.

Why Beauty Complex?

Beauty Complex is your daily companion for more beautiful skin, stronger hair and firmer nails. It allows you to support your beauty every day. It contains extracts of apricot, pomegranate, ginger, coriander, biotin and pantothenic acid, as well as zinc.

Protective package for skin, hair and nails

The formula helps prevent and support nutritionally related growth disturbances as well as non-hormonal hair loss. It supplies your body with high-quality antioxidants and trace elements.
Our organism needs biotin. And that the "H" stands for "Haut"? The German chemist Fritz Kögl first isolated the water-soluble B vitamin biotin from egg yolk in 1936, incidentally. Our body needs biotin for healthy skin, hair and nails. If you have too little biotin, this can lead to hair loss and muscle pain. A deficiency can also trigger depression.

Highly effective Vitality Complex

To enhance the effect, we have developed the highly effective Vitality Complex. The spices turmeric, ginger, coriander and black pepper, as well as the mushrooms shiitake, reishi and cordyceps, complement one another ideally.

Nutrition declaration

Micronutrients	**per daily portion (3 capsules)**
Vitamin C	90 mg (112.50 %*)
