Description

Strengthen substance – slow ageing – nourish essence

The Rehmannia root formula is one of China's most famous formulas. It derives from the formula "Liu Wei Di Huang Wan". The tea recipe originates from the Song dynasty (960–1279). Other important ingredients in this blend include the Asiatic cornelian cherry, the yam root and the oriental water-plantain rhizome. Traditional accounts describe this formula as a tonic to prevent yin deficiency, for loss of essence and exhaustion.
