Description

Ethno Health usually ships its products itself; in our shop we link to them (for which we receive a commission).
Lungenkraft is the only product we keep in stock ourselves, as we have some older customers who often order it from us.

Lungenkraft from Ethno Health combines the positive effects of valuable herbal ingredients and is rounded off by the addition of vitamins A, C and E. Vitamin A contributes to the maintenance of normal mucous membranes. Vitamin C contributes to the normal function of the immune system and vitamin E helps to protect cells from oxidative stress. Together with thyme, hyssop, burnet-saxifrage and eucalyptus as well as Chinese mushrooms, Lungenkraft and Chinese astragalus the formulation creates a high-quality blend for cold or demanding times. Many of the ingredients are particularly popular in the cooler seasons and are offered here united as companions through these periods.

Note from EnergyVital specifically regarding Lungenkraft

Although, as explained above, the usual way for customers is to order directly from the manufacturer via our "To the product" button, you can obtain Lungenkraft from us at any time and in any quantity. We are a family business and regularly supply a large part of our relatives, who are over 80 and have lung problems, with it; therefore it is always in stock or can be procured at short notice.
