## Overview

# Silicea Complex, 90 capsules

**Product number:** PM6810

### Price

| Quantity | Unit price | Base price |
|---|---|---|
| **To 1** | €21.00 | €355.93 / 1 Kilogramm |
| **To 4** | €20.00 | €338.98 / 1 Kilogramm |
| **From 5** | €19.00 | €322.03 / 1 Kilogramm |

Prices incl. VAT plus shipping costs

## Description

### With silicon for beautiful skin, hair and nails as well as bones and cartilage

Silicon is the third most common trace element in the human body (after iron and zinc). It serves as a building material for various tissues and is involved in important metabolic processes. Our nutrient complex with organically bound silicon, silica, calcium, zinc, manganese and boron is particularly recommended for older people, as it

- supports firm, smooth skin (zinc)
- is useful for strong hair and nails (zinc)
- favors the deposition of calcium in the bones (Ca, manganese, zinc)
- activates the immune system (zinc)
- keeps blood vessels firm and elastic (manganese)
- protects cells from damaging free radicals (manganese, zinc)
- is important for cell division and cell differentiation (Ca)

## Natural silicon from field horsetail and bamboo shoots with calcium, zinc and manganese

The silicon in our combination preparation comes from highly concentrated plant extracts and not from deposits of dead shellfish, which can trigger allergies. In field horsetail (Equisetum arvense) there are about 10 percent minerals from silicon-containing silicic acid and water-soluble silicates. In addition, 0.2 to 0.9 percent flavonoids (mainly kaempferol and quercetin). In bamboo shoots, silicon is organically bound as silica.
Calcium, zinc and manganese are also very important for bone health and play an important role in energy metabolism. Here they are present as bisglycinates, which the body can easily absorb and utilise directly.

WOSCHA Silicia Complex is an excellent combination preparation with a high proportion of organically bound silicon for cartilage, skin, connective tissue and skeleton.

## Nutritional information

| **Micronutrients** | **per daily portion 2 capsules** |
|---|---|
| Zinc | 10 mg (100 %*) |
| Manganese | 4 mg (200 %*) |

*Reference intake according to Regulation (EU) No. 1169/2011

## Active ingredients

| **Active substances*** | **per daily portion 2 capsules** |
|---|---|
| **Field horsetail** extract 10:1 (Equisetum arvense) | 435 mg |
| **Silica** (natural) | 40 mg |
| **Bamboo** extract (Bambusa arundinacea) (75 % silicon) | 80 mg |
| **Boron** (sodium tetraborate) | 2 mg |

* No reference amount specified according to the Food Information Regulation (FIR)

### Ingredients

Equisetum arvense, calcium citrate tetrahydrate, Bambusa arundinacea, silica Celatom, zinc, manganese(II) gluconate, boron, hydroxypropylmethylcellulose (veg. capsule).

### Recommended intake

Take 1 EMBO-CAPS® twice daily with meals.
